

## Combined Services Planned For Remembrance Day

The Didsbury Branch No. 106 of the Canadian Legion, B.E.S.L., will hold a Memorial Service in the High School Auditorium, November 11th, starting at 10:00 a.m. sharp.

The service will be held in its entirety in the auditorium and Didsbury and district residents are asked to attend, to pay tribute to those who gave the supreme sacrifice of World Wars I and II, and the Korean conflict. To these fallen comrades we owe our all.

Following is a run-down of the services:

Chairman: Rev. A. E. Buckel  
Entrance of the Colour Party  
O'Canada  
Reading of the Honour Roll by Comrade Cogswell  
Chairman: "They shall grow not old, as we that are left grow old. Age shall not weary them nor the years condemn. At the going down of the sun, and in the morning."

Response: "We will remember them."  
Invocation: Rev. W. D. Annett  
Scripture Reading: Rev. Gladys Offin  
Hymn: "O Worship The King"

Address: Rev. A. E. Buckel  
Quartet: Mountain View Bible College  
Prayer: Rev. W. D. Annett  
Hymn: "A Mighty Fortress"

Benediction: Rev. Gladys Offin  
The sequence of the ceremonial will be: Lowering of the flag and Last Post; two minutes silence; laying of wreaths by representatives of the province, town, Legion, Kingston Auxiliary, I.O.G.E., Scouts, Guides, Cubs, Brownies, Lions Club, Kinsmen Club and others.

Prayer: Rev. A. E. Buckel  
Reveille and Flag Raising.  
"God Save the Queen."

Benediction: Rev. W. D. Annett  
Retire Colors.

## BERGEN NOTES

(From Our Own Correspondent)

Mr. and Mrs. Les Ross and family of Lacombe, Alta., former district residents, visited here recently and spent the night as guests of the P. Metzner's.

Best wishes go out to Roger Kyncl, who is in the Olds hospital with rheumatic fever.

Congratulations to Mr. and Mrs. Leonard Butts (Ellen Erickson) on the arrival of a ten pound baby boy.

A large crowd enjoyed the scrumptious turkey supper, served by the ladies of the Bergen Community Assoc. at the hall on Friday night.

Gravel trucks have been in evidence this past week and the road west from Bergen is nearing completion.

Bobby Clarke and his bride, the former Ida Pope of Sundre, are now living in the district having completed the job at Brass Creek.

Many local residents attended the funeral of Mrs. Wm. McCormick in Olds on Sunday. Before moving to Olds this fall, the family had resided in Bergen, since 1954. Sympathy is extended to Mr. McCormick and the family.

Mr. and Mrs. Wesley Haug motored to Oatton on Thursday to attend the funeral of his cousin, Mr. George Kitzberg.

In Flanders Fields

In Flanders Fields the poppies blow  
Between the crosses, row on row,  
That mark our place, and in the sky  
The larks, still bravely singing, fly  
Scarce heard amid the guns below  
We are the Dead. Short days ago  
We lived, felt dawn, saw sunset glow,  
Loved and were loved, and now we lie  
In Flanders Fields.

Take up our quarrel with the foe,  
To you from falling hands, we throw  
The torch, be yours to hold it high;  
If ye break faith with us who die  
We shall not sleep,  
Though poppies grow  
In Flanders Fields.

## Couple Celebrate Golden Wedding

Mr. and Mrs. Wm. Rigaby celebrated their golden wedding anniversary on Sunday, November 1st. They were married in Preston, Ontario. From this union they have had seven children, three sons and four daughters. One daughter died in 1942. There are 19 grandchildren and four great-grandchildren.

In 1918 they left Ontario and moved to Didsbury where they farmed until 1931. At that time they bought a farm near Cremona where they lived until 1954, when they returned to Didsbury to settle on a small chicken farm.

Mr. and Mrs. Rigaby were honored at "open house" Saturday evening, October 31st, attended by relatives, friends and neighbors. Their niece, Mrs. A. Elliott arrived by plane from Hamilton, Ontario for this very happy occasion.

## LEAGUERS HOLD HALLOWEEN PARTY

"A Halloween party that is different" That was the request of the Waltham Leaguers of Redeemer Lutheran Church. And thus a progressive supper party was planned. Every Leaguer had to wear costumes, and these ranged from a stylish flapper of the late 20's to ghosts, clowns, swami, men with topknots, and even one "Mr. Five by Five." This was held on Sunday evening, November 1st.

The group met at the church, 18 in all, and then motored to the Rudolph Goetjen home, west of Carstairs, for fruit juice. Then again west to the Fred Goetjen home for hors d'oeuvres, from there the road led east to the Delbert Levaag home for soup.

Thence to the Henry Folkmann home for salad. South to the Dan Reinhardt's home for sandwiches and coffee. And finally to the home of the pastor for pie and coffee.

At each stopping place the Leaguers entertained the hosts with a number of songs.

## THE LOCAL NEWSPAPER MAINTAINS ITS INFLUENCE

- How often a successful executive, far from his small-town birthplace — maintains his contacts through regular receipt of his weekly newspaper.
- There is nothing quite like a small town weekly for neighborly news and intimate contacts.
- People in the advertising business talk about selected audiences — sharply focused circulation. They have learned from experience that when a publication is specially edited to appeal to the specific interests of a smaller group of people, its opportunities to make sales are multiplied many times over.
- The weekly newspaper is that kind of publication. Whether its circulation is a few hundred or a few thousand, it represents effective circulation.
- Gather the towns-people and farm folk around you when you advertise. Surround yourself with friendly neighbors — deliver your advertising message through your local weekly newspaper.

#### New Sidewalk Moving In . . .

A long-awaited cement sidewalk is now under construction from the front street east to the railway tracks. We wonder if those in charge plan to visit "our avenue" and do a spot of redecorating on the sidewalks on our side of the street. We, and many, many others, wonder when the hard top will be laid from the hospital to the railway tracks? Sometimes I guess we wonder and dream too much — but it's an interesting pastime — looking to the future. The way we dream it now, insofar as some of our suggestions are concerned — it adds up thisaway — if we didn't shave until they were all completed we'd have a very heavy beard!

#### Rundown Of Didsbury . . .

A pamphlet giving a survey of Didsbury has been prepared and distributed by the Industrial Development Branch, Dept. of Economic Affairs, Government of Alberta. We understand that most of the copies delivered here have been consumed but more are on the way. The folder contains interesting information about "our town" — check around and see if you can pick up a copy.

#### I Am Your Newspaper. . .

Once I was a part of the forest. Tomorrow I likely shall be consumed in flames, or stacked in a warehouse, or whipped along a windy street to rest finally and decay in silence.

But this is my big moment — for at this moment I attempt to inform you, perhaps entertain you, and unfortunately, occasionally annoy you.

I am dedicated to the recording of the highlights of your life, from birth notices on through to memorial. I revel in your accomplishments. Mourn in your time of sorrow.

As your weekly newspaper, I am your friend and mirror. Mine is the neighborly content, the family account of the community. It may soar at times to bursts of literary aspiration, but there is no vain pride to bind me to my basic role of community servant.

There are those holding me at this moment who swear by me. Others swear at me. I shall be content if I win the faith and confidence of the majority, and on occasions when I feel the majority is misled to retain the respect of the minority.

I make no secret of the fact that I work for a living, and I take pride in my craftsmanship — to carry the message of the merchant in the most effective manner.

In short, I am Your Home-Town Newspaper.  
(Something Borrowed, Something True)

### Ten Seconds To Live . . .

He pushed his sleeve back, held his wrist close to the lighted speedometer, squinted to read the time, a little after nine — five ten minutes after. Ought to be home in an hour.

If he had known he had only ten seconds to live he might have checked the time more closely — and also the speedometer. He might have done several things differently.

Ten seconds to live. He massaged his eyes with his thumb and his little finger, trying to keep awake. Nine seconds to live. He had driven almost eight hours since lunch and was beginning to feel the strain.

Eight seconds to live. Lousy driving in the rain. Light falling from headlights just seems to soak in along the water.

Seven seconds to live. Probably need a new windshield wiper blade. Old one just spreads the water around without wiping cleanly. Get one tomorrow or next time it rains.

Six seconds to live. Someone shows a lighted cigarette out of an oncoming car. The red glow dissolves almost before it hit the pavement.

Five seconds to live. He planted his head hard on the floor board, squirmed back in his seat trying for comfort.

Four seconds to live. At sixty miles an hour a car covers 88 feet of pavement every second. Four seconds, 352 feet.

Three seconds to live. Something looked wrong through the blurry windshield. A tentative dab on the brake stiffened into a desperate pressure as he made out an old unlighted slow-moving truck ahead.

Two seconds to live. Panic moved in. Turn to the left. No car coming. Headlights too close. Can't make it. Turn to the right.

One second to live. Horror numbs everything into slow motion. He was floating right into the rear corner of the truck bed. He opened his mouth to scream.

Drive too long, eyes get tired, reaction slows down. Rain, darkness, a windshield that's hard to see through. It has happened to lots of folks. (Exchange)

#### CHRISTIAN SCIENCE

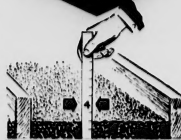

The meaning for today of the book of Genesis will be set forth in the Lesson-Sermon entitled "Adam and Fallen Man" at Christian Science services Sunday.

Open Selection to be read from the Bible present these verses: "God created man in his own image, in the image of God created he him; male and female created he them . . . And God saw every thing that he had made, and behold, it was very good" (Genesis 1: 27, 31).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (183:21-23): "Devine Mind rightly demands man's entire obedience, affection and strength. No reservation is made for any lesser loyalty. Obedience to Truth gives man power and strength. Submission to error superinduces loss of power."

#### NOTES FROM

The District Agriculturist  
**HOWARD FULCHER**

"Baby pig disease" a condition in young pigs was quite severe last November and December. The condition was quite similar to "Transmissible Gastroenteritis" as reported in the U.S.A. and also resembled in many ways "Vomiting and Wasting" as occurred in Ontario the past couple of years.

The disease attacked the litter any time during the first three weeks of the piglets life. A number of farmers lost several complete litters at approximately the same time. The sows and older pigs may develop a temperature and show symptoms of diarrhoea but they seldom die. The first symptoms noted in the young pigs is vomiting. A fever is present and diarrhoea and wasting follow. Death may occur rather quickly while others may linger and waste away, finally dying from secondary infection.

The disease caused rather heavy losses for six to eight week period last winter then subsided just as rapidly as it occurred. On individual farms the losses occurred for about one month and then subsided. This would indicate that sows that farrow after that time have been exposed, develop and immunity and pass it on to their young in the milk.

There is no successful treatment. The sows that do not farrow until after the one month period mentioned above need not be isolated, but those that farrow during the infected period should be isolated and handled separately. Everyone should be on the alert for the possible recurrence of the disease this winter. It is important that an accurate diagnosis be made and the owner should call his veterinarian at the first sign of symptoms.

"...wherever you go"

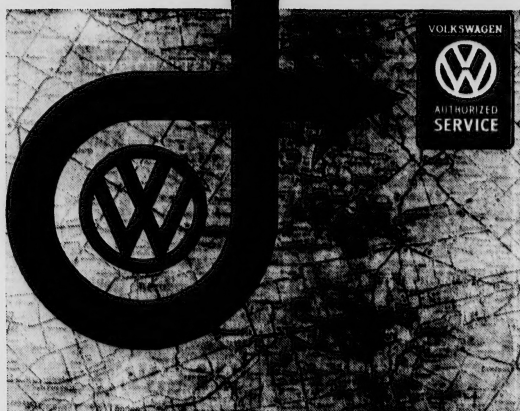

One of the happy things about owning a Volkswagen is that wherever you go, efficient service is always close at hand. To serve you, as a Volkswagen owner, Volkswagen maintains a network of 280 authorized service-centres from the Atlantic to the Pacific . . . a dealer-service organization which is backed by a central \$-million dollar Spare Parts Depot.

A Factory-Training School at Toronto as well as Mobile Schools in the various provinces, ensure the consistently high standard for which Volkswagen mechanics have become known.

And when you think of it, isn't this the kind of service you would naturally expect from the company that was recently awarded the coveted Sports Award "for advancing the art of transportation."

After all, it was Volkswagen that first mass-produced a car with the engine in the rear . . . air cooling . . . torsion bars front and rear for independent suspension. This basic design has been maintained over the years and so has the superb workmanship . . . just two good reasons why Volkswagen enjoys such a high resale value. "Service wherever you go" . . . go your way with peace of mind in a Volkswagen.

BOARD  
NOTES  
— By —  
W. K. ENDER  
Agricultural

SORGHUM ALBUM TESTED  
There was considerable interest  
in Alberta last spring in the forage  
grass sorghum. Doubt was ex-  
pressed as to its suitability under  
our conditions; however, quite a  
number of farmers bought a few  
pounds of seed to try out experi-  
mentally.

During the past year trials were  
also conducted at Lacombe Experi-  
mental Farm and following is a  
report on its performance there.  
Agronomist L. J. Anderson ad-  
vises that in a comparative hay  
test at Lacombe, sorghum album  
yielded only 0.74 tons of dry mat-  
ter per acre. Oats yielded 2.77  
tons, millet 2.48 tons, corn 1.74  
tons. Brome first year seedling  
yielded 0.99 tons per acre.

In this test sorghum album, oats  
millet and corn were all seeded on  
May 15. The sorghum album seed-  
lings emerged two weeks later but  
growth was extremely slow until  
mid-July. A fairly dense stand of  
fine-stemmed plants with nume-  
rous leaves developed, but when the  
first killing frost came on Septem-  
ber 6th, the plants were not yet  
headed out and were only 18 inches  
high. By this time the corn was  
40 inches high, the oats 36 inches  
and millet the same. All were  
severely injured by frost.

Obviously, says Mr. Anderson,  
claims made for sorghum album  
were out of line with its potential  
for Central Alberta. Since sorghum  
album is considered a perennial,  
Mr. Anderson plans to leave the stand-  
over winter so that its degree of hardiness under our  
conditions may be determined.

ALBERTA'S MATERNITY RECORD  
BEST THANKS TO THE  
BLOOD DONOR SERVICE

Alberta has a blood donor service,  
operated by the Red Cross, that is  
second to none in the world. Doc-  
tors at a convention held recently  
in Edmonton of the Canadian  
Medical Association were told this  
excellent service was directly re-  
sponsible for the fact that Alberta  
has the lowest death rate during  
childbirth of any province in  
Canada.

Statistics quoted by Dr. J. Ross  
Vant, professor of obstetrics at the  
University of Alberta, showed  
that in 1936, the death rate among  
mothers during childbirth was six  
per thousand. Recently, it has de-  
clined to .74 per thousand.

Dr. Vant said the availability of  
properly matched blood was an  
important factor in reducing the  
death rate among mothers. He  
said Alberta owed the Red Cross a  
great debt.

This debt can be partially paid  
off at the regular blood donor  
clinics held throughout the pro-  
vince. The next clinic is slated for  
Didsbury today (Thursday), Nov.  
5th — Be sure you attend.

## DEAR HOMEMAKERS.

Do you know the answer to the  
following question "What Foods Are  
Necessary For Health?" Let us look  
at what is considered essential by  
Canadian Council of Nutrition.

In order to feed your family well  
you must give them food in a var-  
iety that will promote health. The  
variety must consist of foods  
chosen from each of the following  
five groups listed in the Canada's  
Food Rules.

1. Milk — Everyone should re-  
ceive at least one pint daily. Ado-  
lescents should receive one and a  
half pints a day.

2. One serving of citrus fruits or  
tomatoes or their juices; and one  
serving of other fruit.

3. Vegetables — At least one  
serving of potatoes; and at least  
two servings of other vegetables,  
preferably leafy, green or yellow  
and frequently raw.

4. Cereals and Bread — One  
serving of whole grain cereal, and at  
least four slices of bread (with  
butter or fortified margarine).

5. Meat and Fish — One  
serving of meat, fish, poultry, or meat  
alternates such as dried beans,  
eggs and cheese. Using liver fre-  
quently. In addition eggs and  
cheese should be served at least  
three times a week each.

Vitamin D — at least 400 inter-  
national units daily for all growing  
persons and expectant and nursing  
mothers.

There are many kinds of milk,  
fruit, vegetables, cereals, meats and  
fish. You may choose the varieties  
that you prefer, that are available  
and that you can afford. The im-  
portant point is to eat foods rep-  
resentative of each food group each  
day. When one of these is omitted  
for a long period of time, the body  
may suffer in some way.

In addition to the five main food  
groups, there are "extra foods,"  
which you will use for added cal-  
ories and for greater variety. Some  
of the common "extra foods" are  
the fats and sugars used in baking.  
They are not emphasized because  
the need for them and their con-  
tribution to nutrition are more  
variable than those of Canada's  
Food Rules. Once you have in-  
cluded the necessary foods for  
health you may add any other  
foods that your budget permits.

OBJECTIVES OF THE  
JUNIOR RED CROSS

The objectives of the Junior Red  
Cross are:—

1. To promote health.
2. To serve others.
3. To increase international un-  
derstanding among the young peo-  
ple of the world.

## DISTRICT NEWS

### M.V.B.C. NEWS

(From Our Own Correspondent)

Rev. Haarer who has been a guest of the college, while holding special services in the United Missionary Church, has left for a series of meetings in the Condor church. He will be holding services in two other churches before returning to his home in Ontario.

President Taylor and Mr. Roger Moyer accompanied Mr. Oke to Calgary on Sunday where they held a service in the Spy Hill jail. This is work that a church should be doing, and this group represents what others are doing for those who have fallen by the way.

Miss Graye Eby is continuing her work in the Composite High School, Red Deer, in spite of the inconvenience of a broken jaw. She went to Calgary again on Monday for further adjustments so that within a few weeks, no doubt, the wires can be removed from her face and the work of adjustment can begin. She has the distinction of standing the highest in grades in social studies even though she lost much time because of the accident. We congratulate her, not only for her ability as a student in Red Deer, but for the courage she has shown in her adjustment to her problem.

Yes, the little folks were around on Saturday night. Some of them looked quite fierce and dreadful, but they forgot about their voices and were soon chasing freely about all the treats they received. Some that came, weren't so little.

A number of faculty members attended the Dedication service of First Nazarene Church in Calgary on Sunday afternoon. This is indeed an edifice worthy of any church, and the place was more than filled for the occasion. Miss Mary Walsh, a former Dean of Women here, was among those who had a part in the service.

Mrs. Mary A. Finlay has been a guest in the home of her daughter, Mrs. D. M. Taylor for several days. She came to attend the Ministerial Convention in the Mountain View Church, and stayed with her daughter over Sunday.

Mrs. Arthur Eby was the recipient of a number of lovely gifts on the occasion of her birthday. Her mother, Mrs. Olga Neilson came from Calgary for the occasion, and a few relatives and friends dropped in during the afternoon to wish her well.

The college surely appreciates the chickens that were donated by friends during the last week. The students and faculty members had a pleasant time together as they prepared the food for the deep freeze, and of course we all enjoyed a chicken dinner. Thanks so much.

### OREMONA NEWS

(From Our Own Correspondent)

Mr. W. Tippe returned home from the Didsbury hospital early last week.

The Oremona Sewing Circle held its annual bazaar and tea in the Woodman hall last Wednesday afternoon. Mr. D. McBain won the cake and Mrs. Casbeer won the quilt.

The annual "hunter's ball, sponsored by the Credit Union, was held in the Water Valley hall last Friday night. The door prize was won by Ralph McKinnon.

Mr. and Mrs. L. McMann (Reeta Wilson) visited in the Oremona district last week-end, with the former's family, Mr. and Mrs. C. Wilson, as well as other relatives.

Congratulations to Mr. and Mrs. J. Coombs on the birth of a daughter.

Mr. R. Renfert has returned home from his summer work in Saskatchewan. He plans to work in Calgary this winter.

The wee ones seemed to have fun on Halloween night. The ones who set fire to a straw stack exhibiting the kind of halloween mischief that is neither enjoyable or excusable. Only concentrated effort saved a bin of grain from being destroyed.

### LIGHT YOUR WAY...

### ... WITH BIBLE STUDY

When a country which God no longer protects is to perish, it may have the finest strongest people and yet be none the better for it. Babylon was such a city. It had no equal in all the world, and no one could take possession of it. Yet it was shamefully overthrown for it was not the men least expected it. For God can easily "break the gate of brass and cut the bars of iron", and no power is so strong for Him that He cannot suddenly tear it asunder as He wants to. Therefore as long as He protects, so long each country or kingdom stays and stands, and when He stops to protect it, it is done for. He should learn, therefore, not to rely on ourselves or to presume to sustain something but to call and to rely on Him to do this.

The season of Memorial Day is upon us. We think of battles, and of men and women who paid the supreme sacrifice. As we honor those, let us not forget Him that says: "I am God." We pray for our government. We pray that through its efforts we may "lead a quiet and peaceful life." And all this we base on the fact: "God is our refuge and strength."

God looks upon kings as children look upon playing cards. While they are playing, they hold the cards in their hands; thereafter they fling them into a corner, under the bench, or in the rubbish. God also acts in this way with potentates. While they rule, He considers the good; but as soon as they overdo it, He "pulls down the mighty from their seats" and lets them lie there as discarded.

As Christians and as citizens of our beloved country we pray to Almighty God: "Lord, bless our land and all its inhabitants and all who are in authority, that we, being delivered from all adversities may serve Thee with a quiet mind and may enjoy Thy peace all the days of our life."

## NOTICE

(The following is an open letter to all  
 district farmers who have Anglo-American  
 farm storage tanks on loan):

"It has been brought to our attention that there is some  
 uncertainty in the minds of some of our customers, who  
 have farm storage tanks on loan from us as to the actual  
 ownership of these tanks.

Please, therefore, accept this as your assurance that the  
 tanks in question are the sole property of this company.  
 When the tanks were sent to Didsbury originally, they  
 were then either sold or loaned on our behalf by the agent,  
 but at no time did the agent purchase these tanks, nor  
 was he permitted to purchase these tanks for his own  
 account."
